

**Welcome to Copenhagen!**

With this weekly newsletter, we hope to give you factual information about the workshop, its participants and what is generally going on. The scientific program is available here:

<https://kspa.soe.ucsc.edu/2017#ScienceProgram>

Who's here? who's gone?

All students and most participants have arrived, please look at the list we sent earlier. We'll update this section with next week's edition.

Admin Help this week

Anette Studsgård:
studsgaard@nbi.ku.dk

Corinne Toulouse-Aastrup
corinne@nbi.ku.dk

Locations & meeting rooms**Location A: "Rockefeller" hosts**

- Classes and student rooms, ground floor:
RF071, RF061, RF016

- Childcare rooms:
also on the ground floor: one activity room and one nap/ quiet room for the youngest Kavli participants. (for children only!)

Generally, "Rockefeller" is also the home of DARK (Dark Cosmology Centre) and CTA (Center for Transient Astrophysics).

Location B, Niels Bohr Institute

- The historic Auditorium A, where all the lectures will take place
- participants have been given offices there.

It is tricky to find your way around at location B, those of you who know your way, please help others to find out!

Welcome reception - Monday at 17:30
"Rockefeller Kantine" garden

To open on a fun and social note, we would like to invite you to share refreshments and light snacks, in the cosy gardens of the Rockefeller Cantine. Bring your spouse and family, if they are around. This will be the opportunity to meet other local astronomers - though many danes are on vacation at that time of year!

PS: Corinne will bring a couple of Petanque Boules sets - not very Danish - but European enough! Join in the fun!

Closing Pizza Party - Friday at 16.00
Near the NBI Cantine

Don't miss out! Anette has ordered tons of pizza! Perfect way to unwind after a week of hard work, intense focus and concentration!

**Social events this week****KSP Jazz Outing on Wednesday!**

If you like Jazz, you are in luck! This week is Copenhagen Jazz Festival, and there are many, many free concerts to choose from! We propose a Wednesday outing to see Ida Brønnum Kvarter

Ida Brønnum sings classic jazz standards with her own personal expression. With a heartfelt understanding she extracts the melancholic subtleties of the jazz universe. The Nordic jazz sound of Ida Brønnum's vocal can be described as ethereal, airy and soulful.

Concert place: **Bevar's**

Address: Ravensborggade 10B, 2200 København

For more Jazz: <http://jazz.dk/en/copenhagen-jazz-festival-2017/concerts/>
